The Probation S-7 Security Classification is to be used to identify any youth within the Juvenile Correctional Health facilities who has a serious, chronic or acute medical condition, which requires special housing or handling. The decision of whether or not a resident is classified an S-7 will be determined by the Nursing Supervisor and/or the Medical Doctor. After 23:00, and there is no Nursing Supervisor on duty, the Intake RN will contact the on-call Nursing Supervisor for direction.

Procedures:

The Medical Staff will, also add the youth’s name to the Restriction List and check the S-7 box on that list.
 - 1.The Probation Unit Staff will be responsible for putting the Red Classification form in the youth’s Juvenile Hall File, checking the restriction list daily and indicating the S-7 status on the Unit white board.
